SDI CGM Office

View - Print - Copy/Paste - Convert

CGM | **CGM*PIP** | **CALS** | **JPEG** | **PNG** | **TIFF** | **XWD**
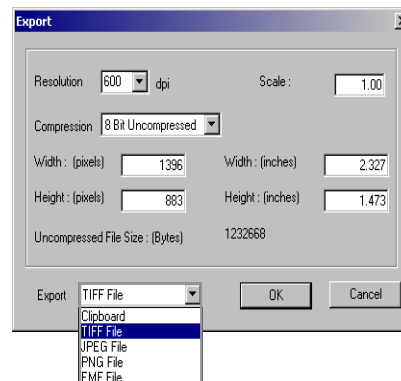

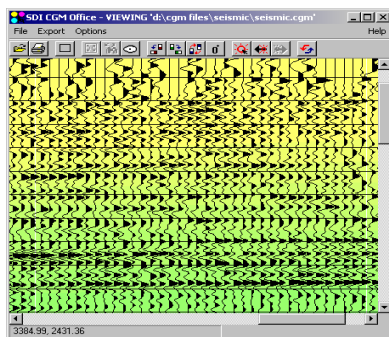

CGM Office is the best multi-function CGM utility on the market today.

View CGM (v1-4), CGM (+), and CGM *PIP files.

SDI's CGM viewer technology supports the latest ISO CGM, WebCGM, and Petroleum Industry standards. View CGM files from GeoQuest, Landmark Graphics, Paradigm, and other Geoscience applications. The CGM Office viewer is optimized for fast display of large and complex maps, seismic sections, and well logs.

View Image Formats: CALS, JPEG, PNG, TIFF, & XWD Files.

SDI's Image viewer technology is also included in CGM Office to improve productivity by reducing the number of graphic format viewers that you need on your desktop.

Convert to EMF, JPEG, PNG, TIFF, & the Windows Clipboard.

CGM Office facilitates your graphic workflow between desktop publishing applications from Adobe, Corel, Canvas, and Microsoft with our CGM conversion technology. CGM Office is OLE compliant, so you can copy & paste CGM files into your Microsoft Word documents. Export EMF, JPEG, or TIFF for your PowerPoint presentations.

Print CGM files via the Windows File - Print system.

CGM Office has exceptional print capabilities. Print the entire file or your desired view. Print to any installed printer on your Windows Print Manager.

Try CGM Office today.
